Bering Finishes warrants the resilient flooring products to be without manufacturing defects in craftsmanship and material for the duration of 30 years following the initial installation date and when installed for residential applications (non-commercial use) and 10 years following the initial installation date when installed for light commercial or other applications.

#### **WARRANTY COVERAGE**

This warranty coverage applies to specific manufacturing defects including delamination, degradation of original pattern and color pigmentation as a result of fading or wear, contingent upon the flooring application in normal residential use, given that the flooring covered by this warranty is installed and maintained consistent with the associated instruction guides as included in the sold package.

#### **WARRANTY TERMS**

##### **Within One Year**

If a defect covered by this warranty is determined and written notification is made to the merchant from which the floor was purchased within (1) year of purchase, Bering will provide new flooring material of comparable color, pattern and quality to replace the defective area. Bering will also assume practical labor costs if professional installation was paid for at the time of the original flooring installation.

##### **Within Two Years**

If a defect covered by this warranty is determined and written notification is made to the merchant from which the floor was purchased within (2) years of purchase, Bering will supply new flooring material of comparable color, pattern and quality to replace the defective area. Bering will also assume 50% percent of practical labor costs if professional installation was paid for at the time of the original flooring installation.

##### **After Two Years**

If a defect covered by this warranty is determined and written notification is made to the merchant from which the floor was purchased following (2) years of purchase, but within the warranty term as outlined below, as applicable, Bering will provide new flooring material of comparable color, pattern and quality to replace the defective area. Bering will not assume responsibility for any labor costs. For additional questions pertaining to the terms of this warranty, please contact our Bering Customer Service directly at 855-792-1010.

#### **OUR WARRANTY SERVICE**

If a defect covered under this warranty has been determined, the impacted area will be repaired to meet warranty standards. Bering Finishes reserves the right to address any floor repairs and/or acquire its own resources for installation of replacement flooring. *Continued on pg.2*

---

Should Bering repair or replace a floor as a result of a warranty claim, the customer shall be held responsible for removing any items, at their own expense, all items covering the areas of concern following the original installation. Provided that Bering repairs a floor, this warranty shall remain valid as it applies to such floor.

#### EXCLUSIONS

The following do not qualify for warranty coverage:

- Solid and darker colors are more vulnerable to the appearance of scratches and dirt and as such, may require additional maintenance. Claims related to these products will not be covered under this warranty.
- Claims relating to shading will not be accepted for an overall white floor with touching white planks or tiles.
- Damage originating from fire, flood, moisture infiltration as a result of subfloor emissions, deliberate abuse, damage from vacuum cleaners, indentations or damage produced by rolling loads, chairs or other furniture without the use of suitable floor protection or caster wheels, and cutting from sharp objects, stains originating from asphalt or rubber mats, surface scratches, variations in color or sheen caused by exposure to a natural light source, exterior use or loss as a result of inconvenience, loss of time, incidentals or special damages.
- Damage related to construction
- Slight variances in shading, color or texture as noted between samples and the delivered product.
- This warranty shall be rendered null and void if prior to installation, Bering floors are not acclimated to the proper room temperature (between 65°F and 85°F) at the job site between 24 and 48 hours and if post-installation, Bering floors are not consistently maintained at the given temperature.

#### WARRANTY OWNER

This Warranty is only applicable to a resident homeowner who is the original purchaser of the Bering resilient floor products, it does not extend to any other homeowner thereafter. For further details or clarifications, please contact our customer support. This warranty shall not include loss of time, inconvenience, incidentals (e.g. phone calls, labor and/or materials) acquired in the removal and/or reinstallation of the defective material, and any other incidental or consequential damages.

#### Implied Warranties

This warranty is not transferable. It shall apply only to the original end purchaser. Bering does not allow any person or entity the authority to create for it any obligation or liability in regards to this product. Bering shall not be liable to the consumer or any other person or entity for any incidental, special or consequential damages, ensuing out of breach of this limited warranty or any implied limited warranty (excluding merchantability). All implied warranties, including an implied warranty of merchantability or fitness for a particular purpose, are hereby limited to the duration of this limited warranty. Some states do not allow the exclusion or limitation of implied warranties or the limitation of incidental or special damages, so the above limitations or exclusions may not apply to the purchaser. This warranty permits the purchaser with specific legal rights, such rights may vary from State to State. *Continued on pg.3*
